Husky flex

A compact, quiet and powerful central vacuum system.

- Compact and easy to install, ideal for apartments, houses and other smaller residences
- LED status instructions integrated on power unit
- Brushed aluminum canister of 21.2 l capacity with new ergonomic handles with integrated latches for ease of operation
- High-end design and finish

A compact model of superior quality

- High-performance filtration system traps 97.5% of particles as small as 0.1 microns, including allergens, bacteria and moisture for superior air quality
- Hybrid: may be used with or without a filtration bag. *When used with a filtration bag, it employs double filtration for unparalleled air quality and prevents contact with dust and allergens*
- Extremely low noise level thanks to its integrated muffler
- Soft-start and soft-stop system for improved functionality and longer motor life
- Powerful motor *(up to 5 times stronger than a portable vacuum)*
- Utility valve included *(not shown)*
